CALIFORNIA STATE LIBRARY

The Times-Gazette

THE TIMES GAZETTE, REDWOOD CITY, CALIFORNIA, FRIDAY, MAR. 17, 1944 ESTABLISHED IN 1859

The English shilling was first minted in 1504.

New York has been the most populous state since 1820.

The first iron furnace in the U. S. was built in Virginia in 1619.

Jury Lists 3-Point Program

San Mateo County Grand Jury's hospital committee has presented a three-point program for improvement of the "deplorable" condition at the county's Community Hospital at San Mateo to Dr. Charles C. Gans, county health and welfare director, and demanded that he take action.

Recommendations were:

1. That the present dietician, Miss Esther Hawkins, be dismissed.
2. That a fulltime business manager be placed in charge of all non-professional work.
3. That a fulltime woman housekeeper be hired.

Another recommendation made by the grand jury committee, that something be done to eliminate blood stained sheets in the isolation ward, already has received attention, Grand Jury Foreman Robert P. Holliday stated. Antiseptic tanks have been contracted for, Holliday told the press, to go into the isolation ward to eliminate staining.

The grand jury committee has been investigating the situation at Community Hospital several months. Personnel at the county institution last September charged that the food they were being served was "inadequate to maintain normal health and is served unattractively," and petitioned Dr. Gans to remedy the situation.

Dr. Gans declared that Dr. H. W. S. Hayes, Community Hospital superintendent, was in charge of the hospital and turned the matter over to him.

County Executive Frederick Peterson demanded a grand jury investigation of the situation last November, and since that time several private investigations have been made.

Meantime, Holliday declared following a grand jury meeting Jan. 21 that the food at the county hospital "improved in the exact ratio with the amount of publicity which the hospital gets in the San Mateo County press.

The committee in its report today declared that, "This we feel is extremely unsatisfactory. It was determined without any doubt in the minds of the jury that the food is poor, that it is served in an indifferent manner, and that the present dietician, while she may be entirely competent, is certainly not rendering satisfactory service.

"We came to the conclusion that the hospital needs as much as anything a fulltime business manager, and we came to the very mature conclusion that there is a divided authority at the hospital, and this we feel is deplorable.

"It was testified before the jury that the hospital rooms are not only unclean, but they are downright dirty at times.

"In view of these matters, we therefore recommend to you that a new dietician be obtained, and that a fulltime business manager be employed. We have no criticism of the present business manager, but we do not feel that a part-time business manager is the proper thing.

"It was brought out at this meeting (the Jan. 21 meeting) that the employment of a competent woman housekeeper would alleviate the situation wherein the rooms are described as dirty, and we do so recommend.

"It was also testified that the dietician refused to serve the nurses coffee in the middle of the morning. They had to buy their own coffee and make it themselves. In view of the fact that for a great deal of the time the hospital is working with a short staff of nurses, it is our opinion that everything should be done to make their lot as happy as possible.

"We also came to the conclusion that something should be done about the blood stained sheets in the isolation ward. This was brought to your attention several months ago and nothing so far as we have been able to ascertain has ever been done.

"We believe that if a new dietician is obtained the wastage of food which has been more or less notorious would be straightened out.

"Again let us reiterate, doctor, that we are not approaching this situation from the standpoint of politics. All we want is a competently run, medically clean hospital, with well fed patients.

"To this end we are submitting this report to you before taking it to the board of supervisors, with the suggestion that you indicate to us your thoughts in these matters."

The report was signed by Holliday, E. F. B. Ridgway and James L. Porter.

The dietician, Miss Hawkins, has been at the hospital about two years.

She is a civil service employe.

Several nurses who have resigned from Community Hospital in recent months have given as one of their reasons for quitting, inadequate food.

Holliday declared divided authority at the hospital should be eliminated, and said the grand jury recommended that Dr. Hayes handle only professional duties and Eugene W. Clapp, who has been part-time business manager, handle non-professional duties as fulltime business manager.

Holliday told the press that Dr. Gans has promised to ask for money in the next budget for a fulltime housekeeper at the hospital.

NO SPECIAL BUS SERVICE TO BAY MEADOWS

We regret that due to Wartime Conditions, we are unable to provide special bus service to Bay Meadows this season. No buses can be added to our regular service to accommodate race track fans.

GREYHOUND

Can You Picture REDWOOD CITY *Without Newspapers?*

Headline news. War news. Foreign, national, local news. Births, weddings, deaths, politics, the comics. What would we do without newspapers! Most folks take this service for granted. But our strong, free press, serving a free people, would be the first thing dictators would suppress if they had the chance. Everybody here, and in cities and towns throughout America, depends on newspapers for information, inspiration and entertainment. We're all proud of our press and its vital part in American life.

Greyhound and Newspapers Work Together

Greyhound, just like your newspaper, renders an essential service. Like other business firms, Greyhound uses newspapers to contact its customers. In the West alone, regular Pacific Greyhound Lines advertising in more than 500 newspapers keeps people informed about bus travel service. In turn, Greyhound is an important factor in news distribution, carrying many newspapers into areas not served by other forms of public transportation.

Greyhound salutes your newspaper in which this message appears. It is an indispensable part of your daily life. With its help, and that of other newspapers, we are building a transportation service that is playing its part in the development of this city. Greyhound service will grow in valueto the country, to the community and to you.

COMMUTERS: tum Suden Place Is Last Clubhouse

BY JOE CABOOSE

Down to their last clubhouse (the tum Suden place in Emerald Lake) the Commuters took steps last week to make sure it would not be sold out from under them, as was the Corbett place on Hopkins Ave.

★ ★ ★

At the Commuters' dinner at Sodini's on Mar. 9, President Hoffman turned over to Secretary McKeegan, as the club's custodian of rceords, a warranty deed which had previously been negotiated by City Atty. Paul McCarthy, allegedly transferring title to the Richard and Tess tum Suden estate to Mr. William Curran, trustee for the Commuters Club, said estate to be used henceforth and hereafter "as a clubhouse and recreation center for the Redwood City Commuters Club."

★ ★ ★

Mr. tum Suden was not present at the meeting. Which was just as well for his nervous system. He will be quite upset, no doubt, when he learns his friend Curran slipped him a papier mache mickey finn, as it were. As a lawyer, he should know better than to sign a paper without first reading it.

★ ★ ★

Inspired by the generosity of the tum Sudens, Wendell Ebner offered the club his place in Emerald Lake for "special occasions." He said his place may not be as large as some of the others, but the water in his swimming pool is just as wet. As he has fallen into it several times when he got off the beaten path.

★ ★ ★

Joe McClellan, the one-man speaker's bureau, scored again last Thursday night when he produced Miss Florence Anderson of the S. F. Post Office Department, who addressed Commuters on the subject "mental cobwebs." Miss Anderson said there was no personal implication as applied to commuters in the title of her speech. We take our hat off to any woman who can hold an audience of men for 30 minutes . . . simply by making a speech.

★ ★ ★

Other items of interest at the meeting: Jack Werner reported progress in the Commuters' Red Cross drive; Chester Armstrong told of the club's scouting activities and plans for this summer's camporee. Bert Morgan introduced the new cub master, Wayne Burke, who got a big hand for his success in handling pack 16. sponsored by the Commuters.

★ ★ ★

Which reminds us: Cub pack 16 had its first big annual track meet at McKinley School Saturday, where 40 boys competed in a series of events for prizes furnished by the Commuters Club. Roy Griffin and Ron Toso of den 5 finished first and second in the 100-foot race, with Robert Nordstrand of den 6 in third place. Griffin also won the broad jump, with Nordstrand second and Rodney Raines third. Richard Lansdale, den 6, won the sack race, with Billie Mintline and Donald Glass second and third. Dale Clark, den 1, copped the potato race ahead of Mintline and Griffin, second and third. The relay race was won by den 1.

★ ★ ★

Assisting Messrs. Burke and Morganin putting on the track meet were Commuters Art England, Ray Ceregino, Frank Hull, Claude Gerdes, Bill Curran and Howard Magee, and Den Mothers Mmes. Clarence J. Lauer, Wayne Burke and W. Rogers. Candy bars as consolation prizes were awarded to all of the boys who failed to qualify for place prizes.

★ ★ ★

It leaked through a knot hole in our redwood fence that our good neighbor, Mrs. G. I. (nothing to do with the army) Woodside is a reader of this inane column, making a total of nine that we know of. Our circulation is growing. . . . We were cheered beyond words to read that Prof. Albert Einstein, the world's most famous "brain," had to hire himself an expert to help him through the labyrinthean maze of his income tax form. Maybe we're not such a moron after all.

★ ★ ★

Speaking of Einstein reminds us of a typographical error that appeared in a small town newspaper, to-wit: "Miss B——— and her astronomy class enjoyed an outdoor study period Tuesday night at which time three constellations were discussed at length—the Great Bear, Little Bear and the Big Diaper." (Which makes the latter this year's pin-up star of the Universe!)

★ ★ ★

Our operatives tell us that 34 of these junior misses are contributing 20 cents each of their pin money to supplement the cost of making the boutonnieres, which they will offer for 25 cents. We hope no commuter will pay less than four bits for the privilege of wearing one of these home-made shamrocks. Remember, every penny received goes directly to the Red Cross. None of it is retained for the AWVS, and not one cent for administration costs. You can't go wrong on a deal like that!

Clarence Doxsee Attends Redlands U.

Registering last week at the University of Redlands was Clarence Doxsee, son of Mr. and Mrs. Wilbur H. Doxsee, 503 Arlington Rd., Redwood City.

Doxsee graduated from Sequoia Union High School where he was a member of CSF and the Junior Hi-Y.

The great American alibi—"Everybody else does—why shouldn't I?"

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

'Scrap Iron Bank To Be Liquidated

Redwood City's "Scrap Iron Bank," salvage yard at Broadway and Spring St., will be liquidated, Frank De Patta, city salvage chairman, announced Monday.

The collection yard for war salvage scrap iron has been misused, De Patta charged. It has become a virtual dump, littered with bottles, papers, garbage and refuse, he declared. He said funds acquired from disposition of scrap metal will be used to pay for cleaning the property.

"I hope to have it in presentable condition by Apr. 1," the salvage chairman said, "but there will be no more 'Scrap Iron Bank'."

YOUR American Red Cross hut may be a grass shack "down under" —a dugout in desert sand or a tin roof sod house in the Arctic. But inside it's Home — comforting and warm—right at his side on 53 foreign fields of this war.

Your dollars working through the Red Cross War Fund become a voice from home to cheer him when homesick, to ease his worries, to give him comfort at any time any place, even if he were taken prisoner. If he were wounded to give him blood and surgical dressings to bind his wounds.

The Red Cross War Fund quota in '44 is unprecedented in size to meet unprecedented needs. Be generous in your giving in this year of war.

SAFEWAY Homemakers' Guide

Julia tells
How to make good things with cereals

I LOOKED into my pantry the other day, and noticed the imposing array of packaged cereals which filled a whole shelf. It reminded me that there's an amazing number of good things to be made with cereals. Of course they're part of the normal breakfast—but how long has it been since you've made, for instance:

HONEY BRAN MUFFINS

2 cups enriched flour	1 egg
3 tsps. baking powder	½ cup strained honey
¾ tsp. salt	1¼ cups milk
2 cups bran	1 tbsp. melted shortening
¾ cup finely chopped walnut meats	

Sift and measure flour; sift with baking powder and salt. Combine sifted ingredients with bran, and nutmeats (the latter may be omitted). Beat egg slightly; add honey, milk, and shortening; combine with flour-bran mixture; mix just enough to moisten all flour. Pour into well-greased muffin pans, filling two-thirds full. Bake in moderately hot oven (425° F.) 25 to 30 minutes, or until done. Makes 16 large muffins.

And here's another way to turn a cereal product into something so tasty the whole family will call for more:

FRESH LEMON OATMEAL COOKIES

1 cup enriched flour	½ cup brown sugar, firmly packed
1 tsp. baking powder	1 egg
⅛ tsp. salt	6 tbsps. milk
¼ tsp. soda	2¼ tsps. grated lemon peel
1¼ cups regular rolled oats	½ tsp. vanilla extract
½ cup shortening	

Sift and measure flour; sift again with baking powder, salt and soda. Add oats. Cream shortening and sugar together until light and fluffy. Add egg to creamed mixture, beating well. Add flour mixture and milk alternately, mixing well after each addition. Add lemon peel and flavoring. Drop by teaspoonfuls on lightly greased cookie sheet. Decorate each cookie with diamind-shaped wedges of lemon peel arranged in a three-leafed design. Bake in moderate oven (375° F.) 15 minutes or until lightly browned. Remove cookies immediately to rack; cool; store. Makes about 3½ dozen.

Of course there are other ways to use cereals excitingly—more ways than you can shake a stick at! Just for example, here are some "cereal ideas":

To achieve an unusual texture in breading meats such as veal chops, and in casserole toppings, use crumbled prepared cereals.

To make a "cereal dessert ring", melt ⅓ cup butter or margarine in heavy frying pan, add 1½ cups brown sugar and cook until bubbles form. Pour over 6 cups heated cornflakes or puffed cereals, mixing well. While hot, pack into 9-inch ring mold. Serve with ice cream or your favorite frozen dessert. Serves 8.

To stretch meat or fish loaves or patties, use crumbled prepared cereals such as corn flakes, puffed cereals, etc. or rolled oats (1½ cups cereal for each 2 lbs. of meat or fish).
